

Edinburgh is the pride of Scotland with its vibrant cosmopolitan atmosphere and warm Scottish hospitality. This city is undoubtedly one of the most beautiful cities in the UK not to mention the friendliest. Although there is a dynamic contrast between the new and old town, Edinburgh has not lost any of its original charm with the castle dominating the landscape and providing the perfect backdrop. Whether it is the countless bars and clubs you're after or a more laid-back approach such as a ghost tour or pamper day, Edinburgh is an excellent choice for those looking to party, indulge or simply go with the flow!
